P R E F A C E.

THE success which attended the “VICTORIAN RUFF” for 1861 has induced the Compiler to publish the second volume.

In the Preface to the first, he expressed his intention of resuming his labours the following year, in the event of the returns defraying the bills of the printer and bookbinder. Not only did the receipts cover those charges, but a margin remained, sufficient to warrant the Compiler in starting for the second heat. In the meantime it struck him that the Racing Clubs of this and the neighbouring Colonies might guarantee a paying circulation ; and each and every Turf and Jockey Club of Australia was accordingly asked to subscribe. This suggestion did not meet, however, with very general approval, the following being the only Clubs which have responded to the call, and to them the Compiler takes this opportunity of expressing his thanks.

Although the “Record of Races Past” in '60-'61 was surprisingly accurate, considering the resources at hand, it is confidently hoped that some improvement under this head will be found in “Ruff” for '62. The columns of *Bell's Life in Victoria* are, as was the case

last year, the bases from whence rises the present structure, although, at the same time, much information has been obtained from the Secretaries of up-country Clubs.

A glorious racing season is now before us; may its record look as well on paper next year as its anticipation now does in the mind's eye of every turfite in Victoria.

THE LAWS OF RACING, BETTING, &c. IN VICTORIA.

RULES CONCERNING HORSE-RACING IN GENERAL.

1. Horses foaled after the 1st of August shall take their age from that date.

2. [*Maiden Horses.*] A maiden horse or mare is one that has never won an advertised race (hack races and matches excepted) at the time of entrance.

3. [*Untried Stallion or Mare.*] An untried stallion or mare is one whose produce has never run in public.

4. [*Judge's Box.*] No person shall be allowed to enter the Judge's box, during the time the horses are running, except the time-keepers.

5. [*Riding in with Leading Horses.*] Any person (the clerk of the course excepted) riding in with the leading horses in a race, shall pay a fine not exceeding £5 to the race fund.

6. [*Matches.*] Persons desirous of running matches during the Race meetings are required to apply to the Stewards for permission, for which a fee of Sovereigns must be paid by the owner of each horse, to the Race Fund, before starting, unless the owners are each of them subscribers to that amount.

7. [*Walk-over.*] When a sum of money given from the Race Fund (whether added to a sweepstakes or not) be walked over for, only half the amount shall be paid.

8. Before measuring the height of a horse, his plates or shoes may be removed.

9. [*Colors.*] Colors worn by riders must be named at the time of entrance; any Jockey not riding in the colors entered, or not riding in proper jockey costume, may be fined in any sum not exceeding £2.

. The compiler of the "Victorian Ruff" would here urge upon all racing men the desirability of registering their colors with him, so that they may be published in "Ruff" from year to year.

10. [*Horses distanced.*] Horses running on the wrong side of a post and not turning back are distanced; horses drawn before the plate or sweepstakes is won are distanced; horses are distanced if their riders cross or jostle.

11. [*To Postpone Races.*] The Stewards have the power, in cases of urgent necessity, of putting off the races from day to day;—until a Sunday intervenes.

12. [*Not to decide Betting Cases.*] The English Jockey Club and the Stewards thereof take no cognizance of any disputes or claims with respect to bets.

13. [*Definition of Plate and Sweepstakes.*]

Where a sum of money is given to be run for, without any stake being made by the owners of the horses (the entrance money, whether given to the owner of the second horse or applied to the Race Fund, not being considered a stake), such prize shall be construed to be a "plate." But where a stake is deposited by the owners of the horses, which is to go to the winner, and an additional sum of money, a cup, piece of plate, or other reward is offered as a prize to the winner, even though such addition shall be denominated a plate by the donor, such race shall be deemed and taken to be a "sweepstakes," and not a "plate."

14. [*Two or more Horses may enter for any Plate or Sweepstakes.*] Any person may enter and run more than one horse for any Plate or Sweepstakes, provided the race be not run in heats.

AS TO NOMINATIONS.

15. To prevent disputes, the words "nomination" and "entrance" shall be regarded as synonymous terms.

16. Nominations are not void by the death of the subscriber.

17. [*Description necessary.*] In all nominations for sweepstakes and plates, the horse or mare entered must be clearly identified. The name of the sire or dam must be given, and if the dam has no name, such further pedigree and description must be added as will distinguish the horse intended to be named from any other of a similar pedigree. If the pedigree is not known, the horse must be entered as "pedigree unknown." If the dam was covered by more than one stallion, the names of all of them must be mentioned.

18. [*When the Name is sufficient.*] If a horse has once been entered with his name and pedigree in a race published in a public newspaper, it will be sufficient afterwards to mention him by his name only, even though he has never started; and in entering a horse for the first time by his name in several races closing at the same time, it will be sufficient to give his pedigree in one of these nominations, and his name only in the others.

19. [*When the Age must be mentioned.*] In naming for a race in which horses of different ages are admitted, the age of the horse named must be mentioned.

20. [*Incorrect or insufficient Description a Disqualification.*] If any horse, &c., shall be named or entered without being identified as before directed, he shall not be allowed to start in the race, but his owner shall pay

the forfeit, or if a play or pay race, the whole stake.

21. [*Fraudulent Entry a Perpetual Disqualification.*] If a horse shall fraudulently run, or be entered to run, for any race by a false description, such horse is thenceforth disqualified for running in any race; and the owner shall be compelled to return any sum of money won in plates, matches, or sweepstakes (whether handicap or not) which the said horse may have won.

22. [*Qualification Dates from Time of Closing.*] In naming or entering for any race where there shall be any particular conditions required as a qualification to start, it shall be sufficient if the horse were qualified at the expiration of the time allowed for naming or entering, and he shall not be disqualified by anything which may happen after the expiration of that time, unless so specified in the article; or unless he becomes disqualified under the rules relating to defaulters.

23. [*Nominations not to be Changed after Closing.*] No person who has once subscribed to a stake shall be allowed to withdraw his name, and no nomination shall be altered in any respect after the time of closing, without the consent of all the parties in the race.

24. [*Exception to preceding Rule.*] When a person takes a nomination for a stake in which the forfeit is to be declared by a particular time, and does not declare forfeit by the time fixed in the article, he shall thenceforth be considered to have taken the engagement on himself, and his name shall be substituted for that of the original subscriber.

25. [*Change of Horse's Name.*] If a horse's name be changed, it shall be necessary in entering the said horse to give his old name as well as his new name or names, every time he is entered, until he has run in a race; and entries made contrary to this regulation shall be invalid, though his owner shall pay the forfeit, or if a play or pay race, the whole stake.

RESPECTING STAKES AND FORFEITS.

26. [*Second Horse.*] In all sweepstakes where not less than three horses start, the second horse shall receive back his stake, unless otherwise specified.

27. [*Forfeits in certain cases.*] When any person has more than one nomination in a stake, he shall not be allowed to start any horse for it unless the forfeits be paid for every horse which does not start, belonging to him, or standing in his name, or in the same name as the horse which runs, as well as the stakes for those which do.

28. [*Stakes made before Starting.*] All stakes must be made before starting. When the riders of any horses brought out to run are called upon by the starter to take their places for starting, the owner of every horse which goes to the post is liable to pay his whole stake.

29. [*Fictitious Names.*] When any person

enters a horse, or subscribes to a stake under a fictitious name, or in the name of a person not fully identified at the time, he will be considered in all respects as the owner of the horse, and as the subscriber to the stake. The Stewards have the power to call upon a nominator to produce testimony that the horse named is not the property, either wholly or in part, of any person whose name appears in the list of defaulters; and if he fail to do so, they may cause the nomination to be erased.

30. [*Arrears of Stakes, &c.*] No person in arrears for stakes, forfeits, or fines, can enter or run in his own name, or in that of any person, any horse of which he is wholly or in part owner. And to prevent any evasion of this rule, the Stewards have the power to call upon the nominator to produce satisfactory testimony that such is not the case, and on failure of such proof, may cause the nomination to be erased.

WEIGHING.

31. [*Weighing Yard.*] No person shall be permitted to enter the weighing yard except the Stewards, the owners and trainers of horses desirous of seeing their Jockeys weighed, or Jockeys requiring to be weighed.

32. [*Catch and Feather Weights.*] In catch and feather weights any person may ride without going to scale.

33. [*To weigh before and after the race.*] Jockeys are required to weigh at the usual place of weighing, before the race, and every rider is, immediately after the race, to ride his horse to the usual place of weighing, then and there to alight, and not before, and to weigh to the satisfaction of the person appointed for that purpose; and if the jockey dismounts before, or is short of weight, his horse is disqualified, unless he be disabled by an accident to himself or horse, which should render him incapable of riding back, when he may walk or be carried to the scale.

It is optional for the jockey to weigh with his bridle, and the Clerk of the Scales will allow 11b. for a curb or double bridle, but no weight is allowed for a snaffle bridle unless it is put into the scale before the horse is led away.

34. Horses' plates or shoes shall not be allowed in the weight.

35. [*Jockeys receiving weight.*] A jockey who receives from any person any article, however trifling, after he pulls up, although he may have dropped the same previous to being weighed, shall be disqualified from riding for such period as the Stewards shall think fit, and the horse shall be adjudged distanced in that race.

36. [*Horses not to be led away.*] If a horse be led away from the scales before the rider shall be declared *weight*, no article (bridle or saddle) shall be taken off such horse for the purpose of being weighed with the rider, although the rider shall not be the proper weight without it.

37. [*Jockey falling from a horse.*] If a

rider fall from his horse, and the horse be ridden in from the place where the rider fell by a person of sufficient weight, he may take his place the same as if the rider had not fallen.

38. [*Over-weight.*] Every jockey shall be allowed 2lbs. above the weight specified for his horse; but should any horse carry more than 2lbs. above his weight, without declaration having been made by the jockey or the owner of the horse, or by his servant, to the weigher before the race is run, he will be considered distanced, although he should come in first.

STARTING.

39. [*Power of the Starter.*] The Starter has authority to order the jockeys to draw up in a line as far beyond the starting post as he may think necessary, and any jockey disobeying the orders of the starter, or taking any unfair advantage, may, on complaint of the starter, be fined for the first offence any sum not exceeding Five Sovereigns; for the second offence, Ten Sovereigns; and for the third, be suspended from riding at the discretion of the Stewards.

40. [*For places.*] If any dispute arises between the jockeys for choice of place in a match, it must be decided by a toss; but if between three or more jockeys, their places are chosen by drawing lots.

41. [*Decision of the Starter.*] The decision of the starter is final; and his testimony against a jockey in a charge of attempting to take an unfair advantage at starting is not allowed to be discredited.

JOSTLING.

42. [*Foul Riding.*] If in running for any race one horse shall jostle or cross another, such horse is disqualified from winning the race, whether such jostle or cross happened by the swerving of the horse, or by the foul and careless riding of the jockey or otherwise; and where one horse crosses the track of another it is deemed a disqualification, unless he be two clear lengths, or more, before the horse whose track he crosses. And if such cross or jostle shall be proved to have happened through the foul riding of the jockey, he shall be subject to such punishment as the Stewards may think fit to inflict.

43. [*When Complaints must be made.*] All complaints of foul riding must be made either by the owner, jockey, or groom of the horse, to one of the Stewards, to the Clerk of the Course, or to the person appointed to weigh the jockeys, before the jockey complaining is weighed.

SECOND HORSE.

44. [*Money for Second Horse.*] When it is a condition of a stake or plate that the owner of the second horse shall receive a certain sum of money out of the stakes, or out of the plate, and the race is walked over for, or no second horse is placed, the winning horse is entitled to the whole prize. If the money

advertised to be given to the second horse is a separate donation from the Race Fund or other source, and the race is walked over for, or no second horse is placed, the money is not given at all.

When the entrance money for a plate is advertised to be given to the owner of the second horse, and the plate is walked over for, or no second horse is placed, the entrance money is to be returned.

HEATS.

45. When a race is run in heats, a horse, to win the prize, must be the actual winner of two heats, unless no horse appear against him, when one walkover is sufficient.

46. In running of heats, if it cannot be decided which horse is first, the heat goes for nothing, and they may all start again, except it be between two horses that had each won a heat.

47. When two horses have each won a heat, they only must start for a third, and the preference between them will be determined by it.

48. When a plate is won by two heats, the preference of the horses is determined by the places they get in the second heat.

49. Horses drawn before the plate is won are distanced.

50. No distance in a third heat.

51. No person shall start more than one horse of which he is the owner, either wholly or in part, and either in his own name or that of any other person, for any race for which heats are run.

52. A horse which wins one heat in three is entitled to the second money.

DEAD HEATS.

53. [*When to be run over again.*] If for any plate or sweepstakes, not to be run in heats, the first two or more horses shall come in so near together that the Judge shall not be able to decide which won, those horses shall run for such prize over again, after the last race on the same day; the other horses which started are deemed losers, and are entitled to their respective places, as if the race had been finally determined the first time.

54. [*Effect of Dividing after a Dead Heat.*] When horses run a dead heat for a sweepstakes or plate, and the parties agree to divide the stakes, such horses shall be liable to carry extra weight as winners of that race, and if there is any money for the second horse, they divide that also.

55. [*Dead heat for second place.*] When horses run a dead heat for the second place, they divide any money that may be payable to the second horse; and if there is any money for the third, they divide that also; and if any of these horses run for a race in which there is a penalty for having received a certain amount of money as second horse, they shall be considered as having received only the amount of their respective shares.

EXTRA WEIGHTS AND ALLOWANCES.

56. When it is a condition of any race, that horses shall carry extra for winning a certain number of prizes during the year, or be allowed weight for having been beaten a certain number of times during the year, such winnings and losings shall date from the 1st of August preceding, and shall extend to the time of starting, unless otherwise specified.

57. [*Not Accumulative.*] Extra weights and allowances are not accumulative, unless so specified in the conditions.

58. Horses do not carry extra weight for winning a match, and are not entitled to allowance for having been beaten in a match.

59. A horse walking over, or receiving forfeit, except for a match, is deemed a winner.

60. [*Value of Prices—how calculated.*] In estimating the value of any prize, no deduction shall be made, except of the winner's own stake, and of any sum or sums required by the conditions to be paid out of the stakes to the owners of any other horse or horses in the race. The entrance for a plate not to be deducted. And every prize, not in specie, shall be estimated at its advertised value in sovereigns, and if such value is not designated, it shall be taken at the cost price.

DISQUALIFICATIONS, &c.

61. [*Examination of Mouth.*] When the age or qualification of a horse is objected to, either before or after running for any race, the Stewards, or those whom they may appoint, shall have power to order an examination of the horse's mouth by competent persons, and to call for all such evidence as they may require, and their decision shall be final.

Any person requiring a horse's mouth to be examined, must pay the expenses of such examination, unless the horse is proved to be of the wrong age, in which case such expense shall be paid by the owner of the said horse.

62. [*For dishonest practices.*] The Stewards shall have power to disqualify, for any period they may think fit, any person or persons from entering a horse either in his or their own name or names, or the name of any other person, who may be guilty of dishonest practices, or improper behaviour towards the Stewards, or any other Officer of the Course; and all horses which such person or persons may have entered for any race, at the time of such dishonest practices being found out, or of such improper behaviour, shall be disqualified for that meeting, and the entrance money, together with the sweepstakes, forfeited: the former for the benefit of the Race Fund, the latter for the benefit of the race or races in which such horse or horses may be engaged.

63. [*Objection to Qualification—when to be made.*] When the qualification of any horse is objected to before starting, the owner

must produce a certificate or other proper document or evidence to the Stewards, or Clerk of the Course, before the race is run, to prove the qualification of the horse; and if he shall start his horse without so doing, the prize shall be withheld for a period to be fixed upon by the Stewards, at the expiration of which time, if the qualification be not proved to the satisfaction of the Stewards, he shall not be entitled to the prize, though his horse shall have come in first, but it shall be given to the owner of the second horse. When the qualification of a horse is objected to after that time, the person making the objection must prove the disqualification.

64. [*Jockey refusing to pay a fine.*] Any jockey refusing to pay any fine which may have been imposed upon him, or misconducting himself in any way, shall be disqualified from riding, for any period the Stewards shall think fit.

65. [*Horse may be Disqualified.*] The Stewards shall have the power to disqualify during pleasure any horse, in the running of which dishonest practices shall have been proved to their satisfaction.

SELLING STAKES.

66. [*Not to be delivered till paid for.*] Where it is a condition of any race that the winner shall be sold after the race, the horse shall not be delivered till he is paid for; and he must be paid for on the day of the race, otherwise the buyer shall not be entitled to demand the horse at any future time; but the owner of the winning horse may insist upon the purchaser taking and paying for the horse.

RULES ON BETTING.

1. In all bets there must be a possibility to win when the bet is made; "you cannot win when you cannot lose."

2. The interests of the bets are inseparable with the interest of the stakes, except when the winning horse is disqualified owing to a default in making stakes, or incorrect pedigree.

3. A confirmed bet cannot be off but by mutual consent, except in cases hereinafter mentioned.

4. Either of the bettors may demand stakes to be made, and on refusal declare the bet to be void.

5. If a bettor be absent on the day of running, a public declaration of the bet may be made on the course, and a demand whether any person will make stakes for the absent party; and if no person consent to do so, the bet may be declared void. Bets agreed to be paid or received at any particular place cannot be declared off on the course.

6. If a match or sweepstakes be made for any particular day in any race week, and the parties agree to change the day to any other in the same week, all bets must stand but if the parties agree to run the race in

a different week, all bets made before the alteration shall be void.

7. The person who lays the odds has a right to choose a horse or the field; when a person has chosen a horse, the field is what starts against him.

8. Bets made in running are not determined till the plate is won, if that heat be not mentioned at the time of running.

9. A bet made after the heat is over, if the horse betted on does not start, is void.

10. Bets are determined though the horse does not start, when the words 'absolutely run or pay' or 'play-or-pay,' are made use of in betting.

11. When horses run a dead heat for a sweepstakes or plate, and the owners agree to divide the stakes, such horses shall be liable to carry extra weight as winners; and all bets between such horses, or between either of them and the field, must be settled by the money betted being put together and divided between the parties, in the same proportion as the stakes shall have been divided. If a bet be made on one of the horses that ran the dead heat against a horse that was beaten in the race, he who backed the horse that ran the dead heat wins half his bet if his horse received half the prize. If the dead heat be the first event of a double bet, the bet shall be void unless one horse received above a moiety, which would constitute him a winner in a double event.

12. All bets depending between any two horses shall be void, if those horses become the property of the same person, or of his avowed confederate, subsequently to the bets being made.

13. All bets between particular horses shall be void if neither of them happens to be the winner, unless agreed by the parties to the contrary.

14. If one horse be backed against another, "one to win," or "for places," or "first past the post," the bet is void if both horses do not come to the post, unless agreed by the parties to the contrary.

15. If any bet shall be made from signal or indication—telegraph, for instance—after the race has been determined, such bet shall be considered as fraudulent and void, and shall not be paid.

16. All bets in a match which terminates in a dead heat are void; and if the match be run over again *instantly*, it must be considered in every respect as a fresh engagement.

17. All double bets shall be considered as play-or-pay bets.

18. Bets on plates, matches, and sweepstakes under the value of £100, are not p. p. unless specifically mentioned.

19. Bets made on the course are not p. p. unless specifically mentioned.

20. Money given to have a bet laid shall not be returned, though the race be not run.

21. Matches and bets are void on the decease of either party before the match or bet is determined.

22. When the riders of any horse brought

out to run for any race, are called upon by the person appointed to start them to take their places for that purpose, the owner of every horse which comes up to the post shall be considered as liable to pay his whole stake, and all bets respecting such horses shall be considered as play-or-pay bets.

23. If a person bets the odds p. p. against a horse named in the race which was dead or legally struck out, or had been declared by the owner not to start, the bet is void; but if the said horse be dying, and his owner had not made a declaration of paying forfeit, although it amounted to a certainty that the horse would not start, the bet would stand good, because there would be a possibility of the horse living and winning the race.

24. If upon backing a certain number of horses against the field, one or more of these horses named should be disqualified in any way, or should have been declared not to start, or should not even have been named in the plate or sweepstakes alluded to, the bet stands good, provided there be one horse in the lot qualified, at the time the bet was made, to start. No person has the power to alter one of his nominations after the bet is closed; but if all the horses named in the list should have been disqualified when the bet was made, it is null and void, on the principle that "you cannot lose when you cannot win."

25. Finally, with respect to defaulters on the Turf, they are considered in the situation of outlaws; all bets made with them may be declared off, and they are not entitled to receive their winning bets at any time, unless they settle their accounts within two years from the date of their insolvency.

RULES AND REGULATIONS

TO BE OBSERVED BY ALL SUBSCRIBERS TO THE
"VICTORIAN TURF SUBSCRIPTION-ROOM."

1. Any person desirous of becoming a member of this room will be required to send in to the committee an application in writing, accompanied by a recommendation (to be also in writing), signed by any two or more members of the room. This application must be made to the secretary at least one week before the applicant is balloted for,—except as hereinafter provided.

2. Any person residing twenty-five miles from Melbourne, or in any adjacent colony, being desirous of becoming a member of the room, shall, upon his obtaining a certificate, signed by three members of the committee, and paying his subscription to the secretary, be allowed the privilege of the room until the next balloting day, as if he had been elected in pursuance of Rule 1.

3. Every member, upon admittance to the room, must enter his name and address in a book provided for that purpose, in which these, together with any other rules and regulations from time to time adopted, to be observed by the members, will also be

entered; and such signature in the book so containing the said rules and regulations will make it binding on the party signing to abide by all such rules and regulations, as well as by all consequences resulting from breach or non-performance thereof; and such signature shall moreover be taken and deemed to absolve every person concerned in carrying out and enforcing such rules and regulations against such subscriber from all personal responsibility or legal liabilities on that account.

4. No person who shall have made default in payment of stakes, forfeits, or bets, or who shall have been party at any time, anywhere, to any fraud or malpractice connected with horse racing, shall be admitted a member of this room. And if any member should be hereafter discovered to have been or should at any time become a defaulter, or be guilty of any fraud or malpractice as aforesaid, and, upon complaint to the committee, should be adjudged by them to be so, his membership shall thereupon at once cease and determine, and he shall thenceforward be excluded from the room.

5. Any member of this room having a disputed bet with another member shall be bound, if required by him, to refer such dispute to two referees [being members of this room], one to be chosen by each party; such referees to appoint an umpire [being also a member of this room], before they proceed to hear the case; or in the event of the referees not agreeing in the choice of an umpire, such umpire to be appointed by the committee, and the decision of such referees or umpire to be final. Any member refusing to refer any bet so disputed, or to comply with the decision consequent upon such reference, within one week next ensuing after notice of such decision from the referees or umpire, either personally or by letter, to be addressed by post to the residence of such member as entered in the subscription book, shall, upon complaint to the committee, be deemed to be, and be treated by them as a defaulter, under the provisions of the fourth Rule.

6. Any member creating any noise, uproar or disturbance, or using ungentelemanly or improper language, will thereby forfeit his right of membership, and render himself liable to immediate expulsion.

7. The annual subscription to the room will be one pound, payable yearly in advance, commencing on the 28th August in each year.

8. The room will be opened for the use of members exclusively, at such hours and on such days in each week as the committee shall from time to time appoint and determine.

9. The committee is empowered to make by-laws for the governance of their own proceedings. Three may form a quorum of the committee, and in the event of an equal number being present, and of an equal division taking place upon any question, the chairman *pro tempore* shall be entitled to a casting vote, in addition to his vote as a member of the committee. In case of any member of the committee retiring, the committee will fill up the vacancy so occurring.

10. Any member of the room, making a bet with any person, and discovering that the said person is a defaulter on the turf, shall have the power of calling upon the said person, either verbally or by post, to stake within twenty-four hours, or scratch the bet.

11. In the event of any member of the room expressing his intention of scratching a bet with any person, not a member of the room, such person may claim the protection of the committee before the bet can be scratched, on payment of half a guinea, such sum to be returned if the case is decided in his favor.

12. Any person, not a member of the room, may, on payment of half a guinea, have the power of producing proof of any alleged default on the part of any member of the room, by addressing a note to the secretary, and on such default being proved, he may scratch any bets with such defaulter.

13. In consideration of being elected members of the Victorian Turf Subscription Room,—We the undersigned, agree by our signature to be bound to the committee for the time being, by the foregoing rules and regulations, as well as by any other rules and regulations from time to time adopted, provided that such rule or rules be submitted, and agreed to by the several subscribers, and entered in this book, to be observed by the members.

RULES OF TROTTING AND PACING.

At a meeting of the supporters and admirers of Trotting and Pacing, held at the house of Messrs. Green and Jessel, in New York, on the first day of March, 1848, the following Rules and Regulations for the government of all Trotting and Pacing Matches to come off on the Union Course, Long Island, were unanimously agreed upon.

1. [*Nature of Rules.*] All Matches or Sweepstakes which shall come off over this Course will be governed by these Rules, unless the contrary is mutually agreed upon by the parties making such match or stake.

2. [*Power of Postponement.*] In case of unfavourable weather, or other unavoidable causes, all Purse, Matches, or Sweepstakes announced to come off, to which the Proprietors contribute, they shall have the power to postpone to a future day, upon giving notice of the same.

3. [*Qualification of Horses Starting.*] Horses trained in the same stable, or owned in part by the same person, within three days, shall not start for a Purse; and horses so entered shall forfeit their entrance. A horse starting alone shall receive but one half the Purse. Horses deemed by the Judges not fair trotting horses, shall be ruled off previous to, or distanced at the termination of the heat.

4. [*Entries.*] All entries shall be made under a seal, enclosing the entrance money (ten per cent on the purse), and addressed to the Proprietor, at such time and place as may have been previously designated by advertisement.

5. [*Weight to be Carried.*] Every trotting horse starting for Match, Purse, or Stake, shall carry one hundred and forty-five pounds, if in harness; the weight of the sulky and harness not to be considered. Pacing horses liable to the same rule.

6. [*Distances.*] A distance for mile heats, best three in five, shall be one hundred yards; for one mile heats, eighty yards; and for every additional mile, an additional eighty yards.

7. [*Time between Heats.*] The time between heats shall be, for one mile, twenty minutes; and for every additional mile an additional five minutes.

8. [*Power of Judges.*] There shall be chosen by the proprietor of the Course, or Stewards, three Judges to preside over a race for purses, and by them an additional Judge shall be appointed for the distance stand; they may, also, during or previous to a race, appoint Inspectors at any part of

the Course, whose reports, and theirs alone, shall be received of any foul riding or driving.

9. [*Difference of Opinion between Judges.*] Should a difference of opinion exist between the Judges in the starting stand on any question, a majority shall govern.

10. [*Judges' Duties.*] The Judges shall order the horses saddled or harnessed five minutes previous to the time appointed for starting; any rider or driver causing undue detention after being called up, by making false starts or otherwise, the Judges may give the word to start without reference to the situation of the horse so offending, unless convinced such delay is unavoidable on the part of the rider or driver, in which case not more than thirty minutes shall be consumed in attempting to start; and at the expiration of that time, the horse or horses ready to start shall receive the word.

11. [*Starting Horses.*] The pole shall be drawn for by the Judges; the horse winning a heat shall, for the succeeding heats, be entitled to a choice of the track; on coming out on the last stretch, each horse shall retain the track first selected; any horse deviating shall be distanced.

12. [*Riders or Drivers.*] Riders and drivers shall not be permitted to start unless dressed in jockey style.

13. [*Weights of Riders and Drivers.*] Riders and drivers shall weigh in the presence of one or more of the Judges previous to starting; and after a heat, are to come up to the starting stand, and not dismount until so ordered by the Judges; any rider or driver disobeying shall, on weighing, be precluded from the benefit of the weight of his saddle and whip, and if not full weight, shall be distanced.

14. [*Penalty for foul Riding or Driving.*] A rider or driver committing any act which the Judges may deem foul riding or driving, shall be distanced.

15. [*Horses breaking.*] Should any horse break from his trot or pace, it shall be the duty of the rider or driver to pull his horse to a trot or pace immediately, and in case of the rider or driver refusing to do so, the penalty shall be, that the next best horse shall have the heat; if the rider or driver should comply with the above, and he should gain by such break, twice the distance so gained shall be taken away on the coming out; a horse breaking on the score shall not lose the heat by so doing.

16. [*The Winning Horse.*] A horse must win two heats to be entitled to the purse,

unless he distance all other horses in one heat. A distanced horse in a dead heat shall not start again.

17. [*Relative to Heats.*] A horse not winning one heat in three, shall not start for a fourth heat, unless such horse shall have made a dead heat. When a dead heat is made between two horses, that if either had won the heat, the race would have been decided, they two only shall start again; in races best three in five, a horse shall win one heat in five to be allowed to start for the sixth heat, unless such horse shall have made a dead heat; such horses as are prevented from starting by this rule, shall be considered drawn, and not distanced.

18. [*On Heats and Distances.*] If two horses each win a heat, and neither is distanced in the race, the one coming out ahead on the last heat, to be considered the best. The same rule to be applied to horses neither winning a heat, and neither distanced. If one horse wins a heat, he is better than one that does not, providing he does not get distanced in the race; then the other, if not distanced, shall be best. A horse that wins a heat and is distanced, is better than one not winning a heat, and being distanced in the same heat. A horse distanced in the second heat is better than one distanced in the first heat.

19. [*Horses Drawn.*] Horses drawn before the conclusion of a race shall be considered distanced.

20. [*Outside Bets.*] In all matches made play or pay, outside bets not to be considered p.p. unless so understood by the parties.

21. [*Of P.P. Matches.*] All moneys bet on p.p. matches by outside bettors, are not considered p.p.

22. [*Betting—Absent Bettors.*] A confirmed bet cannot be let off without mutual consent. If either party be absent at the time of trotting, and the money be not staked, the party present may declare the bet void in the presence of the Judges, unless some

party will stake the money betted for the absentee.

23. [*Compromised Matches.*] All bets made by outside bettors on compromised matches are considered drawn.

24. [*Bettors of Odds, &c.*] The person who bets the odds has a right to choose the horse or the field. When he has chosen his horse, the field is what starts against him; but there is no field, unless one starts with him. If odds are bet without naming the horses before the trot is over, it must be determined as the odds were at the time of making it. Bets made on trotting are not determined till the purse is won, if the heat is not specified at the time of betting.

25. [*Horses Excluded from Starting, or Distanced.*] All bets made on horses precluded from starting (by Rule 19), being distanced in the race, or on such horses against each other, shall be drawn.

26. [*In Cases of Dispute and Improper Conduct.*] In all cases of dispute not provided for by the rules, the Judges for the day will decide finally. In case of a trot or match being proved to their satisfaction to have been made or conducted improperly or dishonestly on the part of the principals, they shall have the power to declare all bets void.

27. [*Size of Whips to be Used.*] No rider or driver shall be allowed any other than a reasonable length of whip, viz.: for middle horses, two feet ten inches; sulky, four feet eight inches; wagon, five feet ten inches.

28. [*In case of Accidents.*] In case of accidents, but five minutes shall be allowed over the time specified in Rule No. 10, unless the Judges think more time necessary.

29. [*Judges' Stand.*] No person shall be allowed in the Judges' Stand but the Judges, reporters, and members, at the time of trotting.

30. [*In Case of Death.*] All engagements are void upon the decease of either party before being determined.

LENGTHS OF COURSES.

[The particulars of several Courses have not been forwarded.]

ADELAIDE (SOUTH AUSTRALIA.)—This course is situated to the west, and within a mile of the city, on a section of 134 acres, held by the South Australian Jockey Club on lease for 21 years, terminating 1882. The section being square, the course, which is left-handed, is somewhat of that shape, with the corners well rounded off, the length of the course being 1 mile 3 furlongs and 187 yards. The stand, facing the east, with refreshment rooms underneath, is situated in the south west corner of the section, and is capable of accommodating 400 persons.

Between the stand and the boundary fence is a saddling paddock, with loose boxes, a weighing-house, &c.

ALBURY. (N. S. W.)—A right-handed oval course, 1 mile 23 chains and 75 links, thickly timbered, rises very slightly towards the second turn, and falls again from that to the last turn, the straight run in being quite level, and nearly a quarter of a mile in length. The course is fenced in, and contains 140 acres. It is not yet vested in trustees.

ARARAT.—This is an oval course, 1 mile 15 chains and 21 links, is on an open plain

with no timber, nearly level three parts round, but rises gradually along the straight run in, which is about a quarter of a mile. The course is securely fenced in, and the trustees are, Dr. Mountain Thorpe, Girdlestone, Mr. Thomas Grant Taylor, and Mr. Oliver Cooper.

AVOCA.—This is a circular course, 1 mile 6 chains and 8 links, is on a fine flat, timbered, but the running ground well cleared, rises slightly at the back, but soon falls again, the straight run in being 360 yards. The course is fenced in, the grant being 160 acres, and the trustees are, Messrs. W. Templeton, V. N. Mogg, Charles Pearson, C. E. Pascoe, and J. B. Smith.

BALLAARAT.—The new course, exactly one mile and four furlongs, was laid out in 1861. In shape it is an irregular oval. Starting from the stand the course sweeps round for about 500 yards to the back stretch, where there is a straight half mile; the ground then falls gradually to about 600 yards from home, where an uphill pinch leads into the straight running. The course has been laid out with a view to the erection of a new stand-house, which will in all probability be built next year. The turf is sound and elastic at all seasons. The grant, which is about 7 miles from Ballaarat, on the Maryborough road, was reserved in the year 1854; it contains 480 acres, and is substantially fenced in. The stand is capable of accommodating about 1000 persons, with refreshment rooms, apartments for the Stewards, &c. The saddling paddock is surrounded by a high fence, and is well sheltered. The old course, one mile and six furlongs, is used for training purposes. The steeplechase course is a little over four miles, with about 21 fences of various descriptions.

BALLAN.—This Race Course is situated on Bradshaw's Creek, a branch of the Moorabool, about two and a half miles from Ballan. The Course is fenced in, the grant being 100 acres.

BELFAST.—A left-handed, irregular oval, a mile and a distance and 17 yards. It is distant from the town about three quarters of a mile, and is situated close to the sea coast. It is held under Mr. James Atkinson, the owner, who gives it free until the year 1880, on condition that the gate money is expended in improving the course, keeping the fences in repair, &c.

BENALLA.—This is a left-handed course, one mile and a quarter, nearly oval, level, and thinly timbered. The grant is 176 acres, but as yet nothing has been done towards fencing it in. The trustees are, Messrs. J. Purcell, Thos. Lumsden, J.P., Peter Martin, and Thos. Bond.

BENDIGO.—This is a left-handed, oval course, 1 mile 1 chain and 32 links, is in a timbered country, nearly level, the straight run in being about a quarter of a mile. The course is fenced in, the grant

being 350 acres, and the trustees are, Messrs. J. A. Panton, E. N. Emmett, James Soyers, and James Henderson.

CASTLEMAINE.—A left-handed irregular oval course, a mile and five chains, is on a lightly timbered flat, rises slightly about half way round, and then descends again, the straight run in being quite level. The course is fenced in, the grant being 200 acres; and the trustees are, Messrs. Matthews, E. W. Richards, Paynter, Wilson, and Lawlor.

CRESSY.—This is an oval course, about a mile and a half, on an open plain without timber, and is quite level. It is on the town reserve, and is not fenced in.

DURHAM OX.—About a mile and a quarter, on a plain, and close to the hotel of that name.

ELEPHANT BRIDGE.—This is a circular course, 1 mile and 25 links, is on an open plain, the straight run in being 12 chains. The course is on Crown land.

EMERALD HILL.—Circular, about a mile.

FRANKSTON.—Situated about 4 miles south of the township; it is an oval course, a few yards over a mile, is on an open plain with no timber, falls slightly from the start round the first and second turns, rises again round the third turn, and falls slightly after the last, the straight run in being just a quarter of a mile. The course is not fenced in, there being as yet no grant from the Crown, though the land is withheld from sale.

GEELONG.—This is a left-handed, oval course, 1 mile 4 furlongs, is on an open flat on the S.W. side of the Barwon, at its junction with Lake Connewarre, with no timber, the straight run in being nearly half a mile. The course is fenced in, there is a comfortable grand stand and saddling paddock, enclosed with corrugated iron. The grant is 700 acres, and the trustees are, Messrs. Compton Ferrers, Charles Sladen, and Edward Willis.

GOULBURN DIGGINGS.—A heavy sandy course, about a mile round and a chain wide, cut out of the bush, about four miles from Rushworth.

GREEN WATTLE.—This is a right-handed oval course, 1 mile 2 furlongs 7 chains and 70 links, is on an open plain with no timber, rises slightly towards the third turn and falls again after the last turn, the straight run in being upwards of a quarter of a mile. The course is fenced in, the grant being 115 acres, and the trustees are, the Hon. Robt. Thomson, M.L.C., and Messrs. W. Pearson, J. Johnson, and J. D. Smith, jun.

HAMILTON.—This is a left handed oval course, 1 mile 2 furlongs and 10 chains, is on an open plain (timbered on the south and east outside the course), falls gradually from the stand towards the east, rises at the second turn, is then straight and level for about thirty chains, falls again at the third turn, and then rises gradually at the fourth turn to within three chains

of the winning post. The grant is 120 acres, and is not fenced in. The trustees are, Messrs. Cox, McPherson, Learmonth, Uren, and Wilson.

HEATHCOTE.—This course is about a mile round, finishing up-hill, the run in being less than the distance. The ground is heavy loose sand, the site being badly chosen, but close to the township.

HEIDELBERG.—Flat and circular, about half a mile,

IVANHOE.—Oval; eleven yards short of a mile.

KERANG.—About a mile and a quarter, uneven and crab-hole, and bad in wet weather.

MANSFIELD.—A mile and two chains; the ground is level and good, with the exception of a slight decline coming home, and a small hill at the back of the course; five miles from the township.

MELBOURNE.—A pear-shaped course, a few yards short of a mile and a half, nearly level, and free from timber. Starting from the winning post, the course describes the segment of a circle, the diameter of which is eleven chains; there is then a straight run of a quarter of a mile and six chains, then a segment of a circle, the diameter of which is a quarter of a mile and eight chains, and a straight run in of a quarter of a mile and four and a half chains. The training ground which adjoins the race course is a mile and a quarter and nine chains, with a straight gallop of half a mile. The hill enclosure, which is fenced in with corrugated iron eight feet high, occupies about six acres, of which nearly one acre is fenced off for a saddling paddock. The grand stand will hold upwards of 3,000 persons, and was first used October 25th, 1860. The whole grant of land is 301 acres, 3 roods; and the trustees are, Messrs. C. W. Ligar, R. Goldsbrough, Peter Snodgrass, W. Randle, R. F. Greene, and J. G. Dougharty; Hon. Secretary, Mr. J. Henderson.

MURCHISON.—This is a level oval course, about one chain short of a mile, over very good running ground in the bush, about half a mile from the township.

NEW TOWN. (TASMANIA.)—The New Town course is situated in a paddock of about 100 acres, purchased by a company about the year 1835, the sale of the gate, booths, &c., at the annual races giving a dividend to the shareholders. The course, which is right-handed, is a mile and a half less eleven yards, and is a circular oblong. For three-quarters of a mile the course is nearly level though very hard; after rounding the far turn there is a descent, and a corresponding ascent; a bridge is crossed at the last turn, and a straight run of nearly half a mile, all up-hill, brings the horses home. The Grand Stand, which was erected many years ago, will hold about 500 persons.

RANDWICK. (N.S.W.)—This course was originally opened in 1833, but fell into

disuse, and was not again made available for racing until May, 1860. It is a right handed course, oblong or pear-shaped, a mile and a quarter round, with the last quarter of a mile straight. Opposite the stand, at about half-way round, is a considerable rise, denominated Constitution Hill, with the exception of which the whole distance is flat. The soil is sandy, and never becomes heavy with wet, or hard through too long a continued drought. The Derby Course is a mile and a half; and the T. Y. C. the last three quarters. The whole of the running ground is "made," the artificial grasses having succeeded admirably. The cost of the running ground alone was £2,500, total cost of improvements, including stand, £7000. The stand, which is only temporary, will seat 700 persons.

SMYTHESDALE.—Mile and a half; distant from Ballarat about 10 miles. The trustees of the grant, 200 acres, are, Messrs. Chas. Lewis, J. P. Hamilton, P.M., R. H. Lock, D. T. Perrott, and H. A. Power.

SWAN HILL.—This course is a mile and a quarter round, and close to the township, the ground being firm and sandy.

N. Simson, Mr. W. Bryant, and Mr. Thomas Major.

WANGARATTA.—This is a left-handed oval course, 1 mile 10 chains and 22 links. It is fenced in, and partially cleared. The stand, which is commodious and substantially built on a slight eminence, commands a fine view of the course. There is also a good saddling paddock and refreshment booth enclosed. The course falls from the stand to the first turn, has a fine stretch of 30 chains at the back, falls slightly to the last turn, from which point it rises to the stand, the straight run in being more than a quarter of a mile, and the finish securely fenced.

OPINIONS OF THE PRESS ON THE FIRST VOLUME.

From "The Field."

THE VICTORIAN RUFF. — The first number of the turfite's *vade mecum* at the Antipodes has just reached us. It is, as must be expected in the early years of the colony, smaller than that published in this country after the name of the honest reporter; but it bears a strong family likeness to its British prototype, and has a very complete table of contents. The Editor, Mr. William Levey, of Melbourne, tenders his "thanks to the printer for absence of clerical blunders"—we fain would see like thanks tendered to printers of "Guides" nearer home for the same reason. By this little volume we find some eight hundred horses to have run in the colony during the last season; to which we trust, in its next issue, to see the pedigrees attached.

From the "Sporting Magazine."

The colony has also its "Victoria Ruff's Guide," which is almost a photograph of its father. Seventeen pages of very small type take in the races to come in 1861, 1862, and 1863; and it chronicles eighty-eight race and steeplechase meetings, all on the Victorian turf, between last October and July. During that period upwards of 800 horses started. "The laws of Racing" in the colony have been most carefully compiled, as well as the "Rules on Betting." "The Rules of the Victorian Turf Subscription Room" are given in full, as are also the "Rules on Trotting and Pacing," under which that sport is conducted on the Union course, Long Island. A list of the "Racing Clubs in Victoria," including the office-bearers, places of meeting, &c., follows; and then we are brought to the "Lengths of the Courses" in Victoria. "The Colors worn by the Riders" form also a portion of the information in "Ruff," whilst the "List of Victorian Jockeys" shows forty-three of that fraternity, varying in weight from ten down to five stone. "The List of Trainers" is somewhat meagre; and although last, not least, come the "Winners of Great Events," beginning with the first Port Philip Stakes in 1845. *Ruff* may well raise its venerable arms, and say, "*Macte puer virtute tua!*"

From "Bell's Life in Victoria."

The patrons of the turf in Australia must hail with delight the publication of the "Victorian Ruff for 1861," especially as the volume is turned out in such workmanlike style. There never was a time like the present for the launching of a "guide to the turf in Victoria," and if the racing men of the colony do not appreciate so great a convenience during the approaching season, they must never cry out for it again. We cannot, however, conceive of the possibility of Mr. Levey's exertions in the cause of turf statistics meeting with a cold reception; but on the contrary, as the season comes round, no lover of racing will be able to get on without his "pocket companion." The absolute necessity of a "Victorian Ruff" has, in fact, never existed until the present time, inasmuch as the entries for every race meeting have been invariably made only a week or so beforehand. During the coming season, on the contrary, all the "big events" are already closed, and these, we take it, will absorb the major part of the public interest from the start of turf operations to the finish. Beginning with the Jockey Club Spring Meeting, we find the Two Thousand, the Derby, and the Oaks, already closed. At the Turf Club Races, the Melbourne Cup stands forth with its forty-five acceptances. At Ballarat, there are the Great Handicap, the Great Metropolitan Gold-field Handicap, the second year of the Third Biennials, and the first year of the Fourth. At Hamilton, the Hopeful Stakes, the St. Leger, and the Open Handicap, have already closed their doors; whilst at Smythesdale, the Handicap is no longer in want of customers. At Albury, the Mares' Produce Stakes was entered for last January; the Sale Turf Club has its Junior Stakes; and has not the Jockey Club already for its Autumn Meeting, the St. Leger, the Mares' Produce Stakes, and the Australian Sires' Produce Stakes? Nor must we forget the Geelong Turf Club, and its Great Western Produce Stakes, the weightiest one of the lot, bar the Cup and the Guineas. With all these races following each other in rapid succession, your "Victorian Ruff," we repeat, will be as necessary as your betting-book. Of the work itself we can confidently give most unqualified praise. It is in appearance almost a photograph of "Ruff's Guide" at home; it is clearly and elegantly printed on good paper; and on the face of it has been compiled with no little care and application. We are glad to see that advertisers have availed themselves of so valuable a medium for sending forth their information to the sporting world, and year after year this department of the "Victorian Ruff" is bound to increase. We have gone thus fully into the particulars of the work, because it richly deserves it, and cannot fail to give entire satisfaction to all parties interested. It reflects considerable credit on the compiler for his care and application, and is the best proof that one could find of the solidity of the Victorian Turf, and of the wealth of its supporters.

Metzger's

No. 9 FLINDERS

(OPPOSITE ST. KILDA

Gymnasium,

STREET WEST,

(RAILWAY STATION.)

MR. METZGER in introducing his new School of German Gymnastics to the notice of the citizens of Melbourne and suburbs, invites their attention to it as being the best, and essentially different in its course of exercises from any other school of Gymnastics hitherto established in the Australian Colonies.

If properly directed, gymnastics will enlarge and strengthen every muscle of the trunk, arms, and legs, will expand the chest, so as to facilitate the play of the lungs, will render the joints supple, and will impart to the person grace, ease, and steadiness of deportment, combined with strength, spring, and speed. But an injudicious mode of exercise will generally confirm and aggravate those physical imperfections for which a remedy is sought.

Though athletic feats were at first performed by each individual according to his own notions, and were encouraged among the youth as combining amusement with exercise, they were at length reduced to a system which, in Greece, formed a prominent feature in the State regulations for education; and as the nature of the warlike weapons rendered the development of physical force a subject of the highest military importance, those athletic sports were continued during manhood, and public sports were consecrated to the gods, and were conducted with the greatest ceremony.

Plato tells us, that just before the time of Hippocrates gymnastics made a part of medical study, as being suitable to counteract the effects of indolence and luxurious feeding, and that at length it became a State matter reduced to a system, and superintended by State officers. And ought we to neglect the physical development of our youth, and limit our attention merely to school learning? Is not the connection of mind with body so intimate that the former droops invariably when the latter suffers? The great attention bestowed upon bodily exercises by the ancient Greeks entitles the matter to some consideration. That physical development did not preclude mental cultivation is manifest, since their first philosophers, to whom we to-day look up, taught in the public gymnasia.

The class meets every day (except Sundays and Holidays), in the morning, afternoon, and evening—the afternoon class from 4 to 6.

The terms are—40s. per quarter, payable in advance (commencing from any date). Applications from intending pupils to be made to Mr. Metzger as above.

TO CANINE FANCIERS, AND OTHERS DESIROUS OF IMPROVING THE
BREED OF DOGS.

R. G. BANNER wishes to inform the Breeders of Dogs that the services of the celebrated R. JERRY, winner of the Gold Champion Collar, are available on moderate terms. His performances are the best that have been witnessed on this side the line, and have rarely been surpassed in England. He beat Mr. Sandy's bitch, Jess, 12 rats each, L2 a side; time, 50 secs. Beat Mr. Sandy's bitch, Jess, 12 rats to 8, L2 a side; time, 25 secs. Won a match against time, killing 30 rats, for L5; time, 1 min. 47 sec. Under the Patronage of the Melbourne Rowing Club.

JAMES EDWARDS, of Princes Bridge, formerly of the River Thames, begs to thank the Lovers of Aquatic Sports in Victoria for the very great patronage enjoyed by him during the time he has been in business on the Upper Yarra. His stock of Boats is added to every season, and he can now boast of the best selection and the greatest variety ever offered for hire. In addition to the many boats imported by him, he has constantly engaged the best colonial builders in order to keep up his stock of Gigs, Cutters, Wherries, Skiffs, Funnies, and other Pleasure Boats, which are to be let by the Week, Day, or Hour.

Persons from the interior who are fond of aquatic exercises, or others who may be desirous of exploring the beauties of the Upper Yarra, are offered unusual facilities.
